CODE OF ETHICS

1.0 OBLIGATIONS TOWARDS PATIENTS

The primary responsibility of dentists is the health, welfare and safety of their patients.

- 1.1 Except in emergencies, or where they would be failing in their duties on humanitarian grounds, dentists have a right to decline to treat a patient provided that the reason for refusal does not contravene any legislation or principle of law.
- 1.2 Dentists should perform treatment only within areas of their competence. If appropriate, referral for advice and/or treatment to other professional colleagues should be arranged.
- 1.3 Dentists must accept responsibility for all treatment undertaken by themselves and as permitted by law, by allied dental personnel acting under their supervision.
- 1.4 No service or treatment will be delegated to a person who is not qualified or is not permitted by the Laws of the Commonwealth, State or Territory to undertake that service or treatment.
- 1.5 Records that are comprehensive, accurate and respectful must be created and safeguarded for all patients.
- 1.6 Confidentiality and privacy with respect to both clinical and non-clinical information must be maintained except where the Laws of the Commonwealth, State or Territory dictate otherwise. It should be recognised that patients have the right to access their personal records and/or receive copies of them. Care should also be exercised to make certain that the issuing or transferring of personal records can only occur with the proper authority of the patient concerned and that the process of the transfer is undertaken securely and without disclosure of the content of the personal records. It is the obligation of dentists to ensure that allied dental personnel, contractors and other service providers under their supervision observe that same confidentiality.

- 1.7 Dentists should ensure that they provide patients with clear information about their dental condition and proposed treatment options so that patients are then able to make decisions that lead to informed consent for a particular option, without which it should not proceed.
- 1.8 Members must recognise that patients are entitled to consult any dentist and change their dentists at will, even during a course of treatment.

2.0 OBLIGATIONS TOWARDS EMPLOYEES

- 2.1 Owners of dental practices must not aid, abet, counsel or induce an employee dentist or other health care worker to:
 - 2.1.1 provide treatment that might be knowingly or likely to be deleterious to a patient or:
 - 2.1.2 provide treatment that does not meet reasonable standards of professional competence or best practice as may prevail from time to time.

3.0 ATTITUDES TOWARDS COLLEAGUES

Dentists should build their professional reputation on merit.

- 3.1 Dentists should be reasonably willing to assist their colleagues, including allied dental personnel, by the provision of professional services and in the furtherance of the principles set out in this Code of Ethics.
- 3.2 When a patient seeks advice from dentists other than their usual dentist:
 - 3.2.1 if the dentist is consulted in an emergency by the patient of another dentist, the consulted dentist should relieve any immediate problem and notify the patient's usual dentist of that treatment;
 - 3.2.2 if the patient is seeking an opinion about their oral condition, the dentist should endeavour not to say anything which calls into question the integrity of their usual dentist;
 - 3.2.3 if the patient is consulting a specialist dentist, the specialist should inform the usual dentist of the results of such consultation, including any diagnoses made, treatments, investigations or referrals recommended and of any treatments completed.
- 3.3 Dentists should make the results of personal research freely available and should be prepared to share any scientific, clinical or technical knowledge whilst being able to preserve whatever proprietary rights they hold in the personal research as Intellectual Property or otherwise.
- 3.4 Dentists should only delegate tasks to allied dental personnel who are legally authorised, formally educated, trained and competent to complete the task delegated.

4.0 THE PRACTICE OF THE PROFESSION

- 4.1 Dentists should act at all times in a manner that will uphold and enhance the integrity, dignity and reputation of the profession.
- 4.2 Dentists should express opinions, make statements, quote fees or give evidence in an objective and truthful manner.
- 4.3 Dentists should maintain professional competence throughout their careers by active and continual advancement of their knowledge of scientific, clinical and technical developments.
- 4.4 Dentists must not advertise in a manner which is false or misleading, is harmful to the reputation of the profession, is inconsistent with reasonable standards of advertising of goods or services ordinarily undertaken by the profession as a whole or is in poor taste.
- 4.5 Dentists must be familiar with and comply without exception with all relevant legislation, regulations, codes and guidelines governing dentistry including but not limited to the Dental Code of Conduct for Health Practitioners published by the Dental Board of Australia as may be varied from time to time.

- Environmental and Sustainability Committee
- Nomination Committee
- Practice Support Committee
- Communications Committee
- Recent Graduates Committee

The terms of reference of these committees are as follows:

TERMS OF REFERENCE REVIEW COMMITTEE

1. Establishment

The Review Committee ('Committee') is established by Council and its terms of reference require Council's approval.

2. Objectives and Responsibilities

The Committee is empowered to deal with matters relating to the professional and ethical conduct of members, including the investigation and review of alleged breaches of the ADASA Branch and ADA Inc. Codes of Ethics. The specific roles and responsibilities of the Committee are attached at Annexure A.

3. Membership

The Committee will consist of five Active, Concessional, or Life Members of the Branch who are not Council members and who have been Branch members for a period of at least five years. They are elected at the Branch Annual General Meeting (AGM). The Chair and Deputy Chair are elected annually by the members of the Committee at its first meeting after the AGM. There is no limit on re-election for either members or office-bearers of the Committee. In the event of a vacancy occurring, Council will as soon as practicable appoint an eligible member to fill the vacancy. In the event of a casual vacancy in the office of Chair or Deputy Chair the members of the Review Committee will fill such vacancy.

4. Meetings

The Committee will meet at least twice a year, and on an ad hoc basis as necessary to resolve any matters that arise. Minutes of all meetings will be kept.

5. Review of the Committee

The Committee will undertake an annual review of its terms of reference.

6. Reporting and Communication Procedures

The details of all Committee matters relating to complaints referred to it are confidential, and may only be disclosed to Council and ADASA staff at the discretion of the Committee Chair or President. The minutes and reports of activity in relation to complaints will be tabled at Council meetings, with complaints de-identified and the names of members who are, or may be, the subject of review deleted. Committee minutes will be published but confidential aspects of complaints dealt with "in committee" will be removed. When the Review Committee recommends action by Council with respect to a member, this recommendation, excluding the name of the member and any other identifying information will be tabled in confidence at the next Council meeting. Council may at its discretion request the identity of the member. The recommendation will not be included in the published Council meeting papers. Records of confidential matters dealt with "in committee" will be kept as confidential files on the ADASA server, accessible by the Chair, the President and the Chief Executive Officer.

**ANNEXURE A TO REVIEW COMMITTEE TERMS OF REFERENCE
RESPONSIBILITIES OF THE REVIEW COMMITTEE**

1. General Advisory Role

The Review Committee ('Committee') may provide advice relating to ethics, professional conduct and alleged unprofessional conduct to both ADASA members and to office staff members, including the Community Relation Officers.

2. Investigation of a Member's Conduct

The Committee may also investigate matters at the written request of, either:

Council, or

Community Relations Officer(s) (CRO/s), or

Chief Executive Officer (CEO).

Such referrals must be dealt with according to the requirements of the Constitution, the Code of Ethics and relevant AHPRA codes of practice. Investigations will follow these guidelines:

- (a) On receiving the request to investigate, the Committee will gather relevant information from sources including, but not limited to, the complainant, relevant AHPRA codes of practice and guidelines, scientific literature, dental specialists and medical practitioners in order to consider the matter.
- (b) If expert opinion is needed, the Committee Chair and the Chief Executive Officer are to obtain up to three written or recorded verbal opinions.
- (c) The Committee may then decide that the matter requires no further action on its part or that the member should be invited to appear.
- (d) Following a Committee decision that a member is to be invited to appear before the Committee, the Committee will give at least 14 days' notice in writing to the member, setting out the nature of the matter and the allegations, and making specific reference to the particular provision or provisions of the Code of Ethics that the member is alleged to have breached.
- (e) The notification will be sent from the ADASA staff on behalf of the Chair of the Committee and will state the date, place and time of the meeting.
- (f) The notification will detail who will be in attendance. This will usually be the Committee members and the Chief Executive Officer and/or the Minute Secretary.
- (g) The member may have a colleague attend with him/her, but that person will not be allowed to address the Committee on behalf of the member.
- (h) The member may submit written representations to the Committee at, or before, the date of the meeting and may present their case at the meeting.
- (i) At the meeting, each member of the Committee, Chief Executive Officer and Minute Secretary should be introduced by the Chair. The seating should be such that all members of the Committee are facing the member.
- (j) Wherever possible, the meeting will be recorded and a copy offered to the member. The member is to be asked if he/she objects to the recording. If he/she objects, the

meeting will not be recorded but the member will not be able to amend any transcript of the meeting.

- (k) Should the member not attend, the matter can be considered in his/her absence and he/she will be informed of the outcome.
- (l) Following the meeting, the Committee will adjourn and consider its decision. Should the Committee require further information, the decision can be postponed until such time as all required information is to hand and has been considered.
- (m) The member will be informed of any decision that is made at the time of the meeting or if no decision can be made at that time, he/she will be informed that further consideration is necessary and that he/she will be informed once all information is to hand.
- (n) Should the Committee decide that the matter will be referred to the ADASA Council, the member will be informed that that is the case, together with any recommendation by the Committee for any action to be taken.
- (o) The Committee must, as soon as is reasonably practicable after the conclusion of the meeting and after giving due consideration to any representations, make a written recommendation to the Council summarising the relevant facts and any other matters the Committee regards as significant.
- (p) Actions available to Council include, but are not limited, to facilitating further mediation with the CROs, recommending counselling of the member, forwarding the matter to the Australian Health Practitioner Regulation Agency (AHPRA) for further investigation, suspending or cancelling the member's membership of the ADA referring the matter to the member's indemnifier, and cautioning the member.
- (q) In accordance with By-Law 10, Disciplinary procedures, Operative Provisions, 4. "The Council will convey its determination, in writing, to both the member concerned and the Committee which made the recommendation within 7 days."

3. Counselling of Members after the Receipt of a Complaint or Enquiry

On request of a member, the Committee may offer counselling after a complaint or enquiry has been received by ADASA staff. The member who is the subject of that complaint will be offered the opportunity of discussing the matter with the Committee member who is on call for the month and ADASA staff will notify the on-call member.

The on-call member should contact the subject member in a timely fashion, given that the member may be distressed. The on-call Committee member should first explain to the member the obligations of mandatory reporting under Section 140(d) of the National Health Practitioner Regulation Act ("National Law") and receive the member's consent to continue the conversation, knowing that the Committee member may be under an obligation to make a mandatory notification to AHPRA.

If, during the course of that conversation, the Committee member feels that the conduct in question could be the subject of a mandatory notification, the Committee member is to notify the member to that effect and terminate the conversation.

4. Counselling of Members involved with Investigations or Legal Proceedings

Members who have been or still remain the subject of legal proceedings, or investigation by the Dental Board of Australia/AHPRA, will be offered an opportunity for clinical and

professional advice limited to the experience and expertise of the Review Committee. There is no obligation on the member to accept such an offer, which would be subject to any mandatory notification obligations of the National Law, which would be explained to the member beforehand, as detailed above.

5. Provision of Clinical Advice

The Committee and its individual members may provide general clinical advice to Branch staff members and the CROs on request. In providing such advice, the members must pay heed to their own expertise and experience in deciding the extent to which they have the capacity to provide such advice. The staff member must present information relating to the request for clinical advice in de-identified form so that any future investigation of a member involved in the request for clinical advice shall not be compromised. This section recognises that office staff at the ADASA are lay personnel and that the CROs are generally retired dentists so their professional knowledge may not be contemporary.

6. Monitoring of Enquiries/Complaints

The Committee should monitor the frequency and nature of enquiries and complaints received by the Branch. Such information should be provided to each meeting of the Committee and must be de-identified and in statistical and graphical form. This information should also be provided to Council and may be the subject of articles in the Branch newsletter.

7. Provision of Articles for the Branch Newsletter

The Committee may provide articles relating to ethics, professional conduct and clinical matters for the Branch newsletter and for other publications as requested.

8. Offering Advice and Contributing to ADASA Educational Programmes

The Committee may offer advice or make contributions to the Branch's educational programme, including to risk management seminars, at the invitation of either the Branch Chief Executive Officer or the Branch Council.
